HOW TO USE THIS MAP

Firstly, find where you wish to travel to and from. The index below the map will help you.

If the same number is shown in the index for your destination and your starting point, then a through service is available. The frequency guide on the reverse of this map will show how often the service runs. Full timetable information is available from the traveline.

If no through service is available, then you will need to change buses. Find your starting point and destination on the route map. Trace back from your destination to your starting point along the bus route, using the route numbers. This will show you the routes available to you, and where you will need to change buses. Remember, it may also be possible to interchange between bus, rail and Metro.

Once you have found out which services you need to use, you can use the frequency guide on the reverse of this map to see how often each service runs. Again, full timetable information is available from the traveline.

Service 18B is currently on long-term diversion in the Berkswell area due to HS2 construction work. For more information, visit tfwm.org.uk

West Midlands Bus on Demand

West Midlands Bus on Demand is a flexible, bookable bus service.

It does not follow a fixed route. You book a journey, and a bus will collect you at a suitable time (subject to availability).

- You can book by phone or through the app.
- You can pay by card or cash.
- If you use a wheelchair, you will always be assigned an accessible vehicle.

For full information and fares, visit: tfwm.org.uk/on-demand
